NationalMI®

OPTIONS

1. Using **AXIS Rate Finder** to generate the original quote:

   After finalizing your quote details, select "**Create MI Application**." This will import the quote details to the MI application for the purpose of submitting an MI order:
   * *Converting a rate quote to an order will enable National MI's pricing tolerance and protection*

2. If the original rate quote was generated outside of AXIS, a manual entry of the rate quote ID may be required.

   a) When selecting the "**Import DU/1003 File**" for your MI application, enter the Rate Quote ID in the corresponding field, as shown here:
   b) When selecting the "**Data Entry**" option for your MI application, enter the Rate Quote ID in the corresponding field, as shown here:
